DURO-LAST® 2024 NATIONAL SALES SEMINAR EDITION

Message from Tom Saeli

There is no better way to kick off a new year and a new roofing season than celebrating and learning with the World's Best Contractors at the Duro-Last® National Sales Seminar. This year in Tampa lived up to the hype! It was an exhilarating three days of reconnecting, education and setting the stage for another record year. I can't tell you how much I enjoyed our time together and how much all of us at Duro-Last appreciate your participation in this year's festivities.

There have been plenty of exciting developments in the roofing industry over the past year, including the acquisition of Duro-Last by Holcim one year

ago. We were thrilled to have this opportunity to share more details about the collaborations taking place behind the scenes and to hear all of you are just as excited as we are for the next chapter in our story.

From the innovative digital insights of Erik Qualman during General Session to the informative breakout sessions led by familiar faces and industry experts, we hope you are able to harness what you learned and put it into action.

After 13 years leading this great company, I have decided it is time for me to retire and make way for the next generation of leaders. I have enjoyed the

opportunity to work with the World's Best Contractors and I am confident the commitment to our relationship with each of you remains the cornerstone of everything we do. Thank you for all you do to make the Duro-Last extended family an incredible experience! I wish you each the best of success and good health in the future. Now let's get to work making this next year the best yet!

Sincerely,

**Tom Saeli,
President**

Reflecting on Sunshine & Success

We are filled with immense gratitude to all who generously devoted their time and resources to join us in Tampa at our National Sales Seminar. The vibrant energy of this annual gathering ignites optimism and generates the momentum that carries us through the year ahead.

From the very onset, with record-breaking registration, it was evident Seminar 2024 was set to be extraordinary. The anticipation and excitement were palpable as we kicked off a packed schedule of educational sessions, celebratory events, networking opportunities and team-building experiences. Each moment of Seminar is crafted

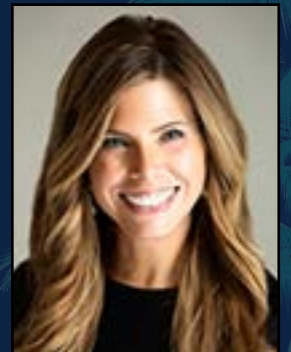

to provide valuable insights, foster connections and inspire growth amongst our Duro-Last contractor family. We plan and host this event, but it's you, our invaluable contractors, who make this event the envy of the commercial roofing industry.

As the saying goes, a picture is worth a thousand words. Please enjoy the collection of photos in this issue of Top of the News. We believe these photos encapsulate the spirit and camaraderie shared amongst us during our time together in Tampa. And please, scan each QR code to access the full collection of images captured at Seminar.

In closing, I invite you to mark your calendars and join us once again next year in San Antonio, Jan. 19-21, 2025, for another unforgettable experience. Remember, it's each of you who make this event extraordinary!

Sincerely,

Andrea Fisher,
Director
of Marketing

MONDAY GENERAL SESSION

Duro-Last President Tom Saeli brought a morning full of updates, celebrations and innovations to Monday's General Session. Company leaders took turns sharing the stage to cover a variety of topics including a deeper dive into our accelerated playbook with Holcim, sustainability initiatives, engineering services and exciting product announcements.

News and product announcements from Monday's General Session:

- Duro-Last introduced four new colors to the Duro-Tuff® and Duro-Fleece® membrane lines: Brown, Midnight Bronze, Bright Red and Colonial Red.
- Duro-Last Engineering Services announced alternative solutions and an updated installation detail for "peel stop" requirements, as well as updated cover board requirements, significantly reducing installation time and budget.
- Duro-Last has officially recycled more than 100 million pounds of pre-consumer PVC through sustainable manufacturing practices and more than 100,000 pounds of Duro-Last membrane through the Recycle Your Roof program. Duro-Last is working toward a goal of one million pounds of recycled membrane in the next four years.
- EXCEPTIONAL® Metals is expanding operations into the Ludlow, Massachusetts, facility. Expected to be fully functioning by Q2.
- EXCEPTIONAL Metals introduced a new color palette, featuring 19 new stock colors and 15 non-stock colors as well as nine painted .040 aluminum colors with additional options for .032 and .050.

Five contractors were also recognized during General Session for their outstanding work over the previous year with Project Awards:

2023 Custom-Fabrication Award:

Hi-Tech Roofing and Sheet Metal, Hi-Tech Roofing Headquarters — Lake Worth, Florida

2023 Edge-to-Edge & Deck-to-Sky™ Award:

Palmer Roofing, Enterprise High School — Enterprise, Oregon

2023 Metal Roofing Award:

All Weather Systems, Utica High School — Utica, Ohio

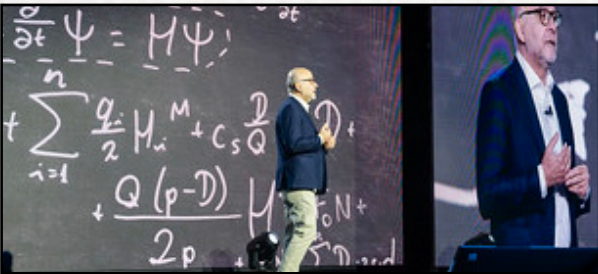

2023 Specialty Membrane Award:

Coryell Roofing, Woodward Early Childhood Center — Woodward, Oklahoma

2023 Sustainability Award:

Damschroder Roofing, Athens Community Center — Athens, Ohio

TUESDAY GENERAL SESSION

Day two of General Session aimed to educate contractors on the benefits of being part of our National Accounts program, using roof evaluations, service and quality to stand out among competition, sustainable and efficient insulation solutions, the psychology of marketing when talking to your prospects, Tech Tools to enhance your online ordering process, the six stages of selling a commercial roof and how best to maximize your relationship with your QA Rep and consistently improve your quality score!

News and product announcements included:

- New quality scoring guidelines for roof evaluations
- Unveiling of the innovative Duro-Last Rolled Flute Filler, providing a faster, more efficient option for metal retrofit applications.
- Merit Roofing Systems took home Roof of the Year honor for its comprehensive and impressive installation at First Baptist Church of Odessa in Odessa, Texas.

Keynote speaker Erik Qualman headlined Tuesday's session with an engaging presentation highlighting ways to focus on big things verses busy things in a world of constant change. By empowering ourselves to become leaders in the digital space we can become disruptors in the marketplace and drive the roofing industry to new heights.
